Second Semester Transition Information

As we approach the start to 2nd semester, we would like to provide reminders about important resources and information.

Everyone

Remember - school is closed on February 1st and 2nd, but there will be events occurring to support both new and returning students as we move into 2nd semester. Please see below for more information.

Important information and links for Online School can be found [here](#) and also on our [website](#).

Here is information about [Online School's leadership team](#). We're here to help!

Please follow us on Facebook - "Hanover County Online School".

Take a peek at [this great video](#) developed by the Online Middle School leadership team with some practical tips for being successful in Online School. This is a great resource for all Online students - particularly those new to Online.

Elementary

[This flyer](#) contains information about events to support our elementary students, their families, and learning coaches as we move into 2nd semester. These events are for both new and returning OWLs.

In particular, please note that if your child's teacher is changing for 2nd semester or your child is new to Online School, make sure to attend an Open House to start your child off on strong footing and begin to build that important connection between home and school. On Tuesday, February 2nd, Online teachers will be welcoming students and parents new to their classes at Open House sessions - one at 9AM and one at 3PM. Please plan on attending one of these sessions. If you have not yet received information regarding this transition event for your child, please reach out to your child's teacher.

Middle School

[This flyer](#) contains information about events to support our middle school students as we move into 2nd semester. These events are for both new and returning OWLs.

Please note in this flyer that there will be LIVE support on Wednesday and Thursday. If you aren't sure where to go or are having trouble figuring out changes in your schedule - LIVE OWL Support will be there to help!

High School

[This flyer](#) contains information about events to support our high school students as we move into 2nd semester.

In addition to events in this flyer, please note that all students new to Online High School are highly encouraged to pop into [this link](#) on Tuesday, February 2nd, at 1:00 for an orientation session. You will learn about being an Online student firsthand from current Online students and have the opportunity to start making some connections. We are eager to meet you and answer your questions!!

Middle and High School - Schedules

Our leadership team and school counselors, supported by outstanding division staff, will be working throughout the weekend to move student schedules and information into second semester in PowerSchool. We anticipate that this will allow middle and high school students to see their schedules at some point on Monday, February 1st. However, please understand that due to the sheer size of this task, there is the chance that this will be delayed until Tuesday. We will communicate via email and social media as to when schedules and Schoology courses are ready. We know students are anxious to see schedules, and we are eager to get them to you!
